

Architects:

Samuel's Architect Kim Swoo Geun:

- Koean Architect
- The fact that he became very successful even though he was born into a era of war and discrimination is amazing.
- He designed so many projects in his short life(over 200)
- His project had a very big range from huge stadiums to small quaint churches.

Amelia's Architect: Nicole Hollant Denis

- The fact she founded her own firm which is very significant is great
- The laplacity project is amazing and the way it was created is amazing.
- The fact she got recognition from the likes of Maya Angalu is amazing.
